RN

Annual Index

This index reflects material appearing in the 2005 issues of **RN**. Articles are listed alphabetically under subject headings. Each entry gives the title, issue, and page number on which the article begins. Those with continuing education tests are marked with an asterisk. Articles from "Balancing Act," "Ethics in Action," "Get Real!" and "Question of the Month" are entered by subject.

ASSESSMENT
*Could you spot the avian flu? Jan:TNT10
*Help stop self-injury. Nov:54
*Restoring electrolyte balance. May:34
What's wrong with this patient? Leishmaniasis. June:53
*Would you suspect this genetic disorder? Hemochromatosis. Mar:47

CARDIOVASCULAR
*Dangerous bedfellows. Apr:33
In-hospital CPR: Building on success. July:53
Hands-On Help:
Cardiac tamponade. Apr:32ac1
Epicardial wires. Dec:32ac1
*Technology Today:
Left ventricular assist devices. Nov:45
Radiofrequency catheter ablation. Oct:40
*The big chill: Improving the odds after cardiac arrest. May:58
*Treating HTN crisis: How low? How fast? June:37
*Unstable angina: Is your care up to snuff? Feb:22

CRITICAL CARE
*Dangerous bedfellows. Apr:33
Hands-On Help: Removing chest tubes. Aug:28ac1
*How to manage an acute upper GI bleed. Mar:34
In-hospital CPR: Building on success. July:53
*The big chill: Improving the odds after cardiac arrest. May:58
*Thyroid storm: A medical emergency. Apr:TNT6
*Treating HTN crisis: How low? How fast? June:37
*VAP prevention: The latest guidelines. Mar:52
When delirium takes hold. May:52

DEATH
When a young patient dies. Apr:40

DIABETES
*The promise of stem cells. Apr:48
*Tight insulin control: Making it work. July:46

DIALYSIS
Are you endangering your patients? Feb:29

DISEASE
*Meeting the challenge of Alzheimer's care. Jan:29
My battle with a rare disorder. Dystonia. Dec:54
*Polio patients take a second hit. Nov:33
*Sickle cell crisis! Managing the pain. Dec:33
*Would you suspect this genetic disorder? Hemochromatosis. Mar:47

DRUGS
*A new approach to chronic pain. May:32ac1
A wild reaction to a topical anesthetic. Oct:57
*Polypharmacy: Keeping the elderly safe. Aug:44
*Tight insulin control: Making it work. July:46

EMERGENCY
*A quick guide to vent essentials. Sept:28ac2
*After the crash: Treating whiplash. Sept:40
Hands-On Help:
Cardiac tamponade. Apr:32ac1
Placing an oropharyngeal airway. Feb:20ac1
Hurricane Katrina: Nursing in the eye of the storm. Oct:55
Hurricane Rita: Nursing on the roadside. Nov:20
*Summer injuries:
Bites and stings. Apr:55
Heat emergencies. June:46
Lightning strikes. May:44
Near drowning. July:36
*Thyroid storm: A medical emergency. Apr:TNT6

EQUIPMENT
*2 devices that unclog feeding tubes. Jan:36
*A quick guide to vent essentials. Sept:28ac2
Hands-On Help:
Epicardial wires. Dec:32ac1
Placing an oropharyngeal airway. Feb:20ac1
Removing chest tubes. Aug:28ac1
*Keeping up with mobile chest drains. Oct:26
*Needlesticks: What you must know. Nov:32ns1
*Technology Today:
Bispectral index monitoring. Sept:49
Left ventricular assist devices. Nov:46
Radiofrequency catheter ablation. Oct:40
Smart IV pumps. Dec:38
*VAP prevention: The latest guidelines. Mar:52

ETHICS
Ethics in Action:
How to help patients make informed decisions. Nov:32
Is it ethical for nurses to go on strike? July:28
Noncompliance. Sept:32
Preferential treatment of patients. Mar:31
Violent patients. May:30
What we can learn from the Schiavo case. Aug:53
When your patient threatens to walk. Sept:56

FAMILY
Balancing Act:
Solving the child care dilemma. June:69
When a family member requires your care. Apr:63

GASTROINTESTINAL SYSTEM
*How to manage an acute upper GI bleed. Mar:34

GERIATRICS
*Polypharmacy: Keeping the elderly safe. Aug:44

HEMATOLOGY
A wild reaction to a topical anesthetic. Oct:57

HOSPITALS
Do-not-use abbreviations: Are you in compliance? Feb:20hf1
ED case management leads to better care. Apr:32nm2
Getting ready for the new JCAHO review. Nov:32hf2
In-hospital CPR: Building on success. July:53
Reduce surgical infection: A step-by-step guide. May:32hf1
Team nursing benefits both staff and patients. Dec:32nm4

INFECTIONS
*Could you spot avian flu? Jan:TNT10
*Do your part to stave off strep. Oct:34
*Polio patients take a second hit. Nov:33
Reduce surgical infection: A step-by-step guide. May:32hf1
*RSV: Protecting the littlest patients. Dec:46
What's wrong with this patient? Leishmaniasis. June:53
*Whooping cough makes its return. Feb:32

LABORATORY
Hands-On Help: Sputum sample collection. Oct:24ac2
*Restoring electrolyte balance. May:34

LEGAL
What we can learn from the Schiavo case. Aug:53
When your patient threatens to walk. Sept:56

MANAGEMENT
A better approach to performance reviews. Apr:44
ED case management leads to better care. Apr:32nm2

MED/SURG
*Caring for kids (when you usually don't). Sept:34
Still lighting our way. Sept:47

NEUROLOGY
Hands-On Help: Lumbar puncture. June:36ac1

PROFESSIONAL ISSUES
2005 Earnings Survey:
How do your benefits compare? Nov:40
How does your pay stack up? Oct:46
A better approach to performance reviews. Apr:44
A long-time nurse reminisces. May:41
Balancing Act:
A guide for those returning to the bedside. Mar:58
A nurse's guide to retirement planning. Dec:63
Banish burnout. Aug:62
Disabilities don't stop these nurses. Jan:45
Making it work with difficult people. May:65
Romance on the job—proceed with caution. Nov:67
Should you take that job? Sept:65
Solving the childcare dilemma. June:69
When a family member requires your care. Apr:63
Winning the battle with addiction. July:63
Get Real!:
Beyond paternalism. Dec: 80
End horizontal violence. Feb:60
End mandatory overtime now. Sept:84
Grumpy people. Apr:84
Is this any way to evaluate performance? June:84
I've got wounds, too. Jan:68
Nurses Week trinkets: Who needs them? May:88
Sometimes you just have to unionize. Mar:84
Vote for your manager. Oct:80
We need leaders. Aug:80
What nurses need. July:80
*How to make sense of clinical research. Jan:22
Let a student "shadow" you. Jan:20hf1
Patient readiness scoring speeds up discharge. Aug:28hf1
Question of the Month:
Do nurses still eat their young? Apr:28
How can nursing attract more young people? May:27
Should nurses be paid overtime? July:24
Should nurses go back to wearing white? Feb:17
What do you wish you had been taught in nursing school—but weren't? Mar:28
What is the most unusual thing you've done to protect a patient? June:30
What patient case still haunts you? Nov:29
What's the most challenging aspect of your job? Aug:25
What's the most creative thing you've done to deal with a difficult patient? Oct:23
What was the most difficult encounter you've had with a doctor? Jan:19
What was your most unusual nursing experience? Sept:29
Would you help a terminal patient to end his life? Dec:29
Rekindling your passion. July:28ac3
Six things I learned when Mom was ill. July:43
Still lighting our way. Sept:47
The power of low-tech nursing. June:43
What it takes to be a leader. Nov:32ac2
When a young patient dies. Apr:40
Where's your cheese? Jan:20ac1

PSYCHOLOGY
*Cosmetic surgery: Is it really right for your patient? Mar:23ac1
*Help stop self-injury. Nov:54

RESPIRATORY
*A quick guide to vent essentials. Sept:28ac2
*Dangerous bedfellows. Apr:33
Hands-On Help:
Placing an oropharyngeal airway. Feb:20ac1
Sputum sample collection. Oct:24ac2
*Keeping up with mobile chest drains. Oct:26
*RSV: Protecting the littlest patients. Dec:46
*VAP prevention: The latest guidelines. Mar:52

SURGERY
*Bariatric surgery: It's no easy fix. June:58
*Cosmetic surgery: Is it really right for your patient? Mar:23ac1

SURVEYS
2005 Earnings Survey:
How do your benefits compare? Nov:40
How does your pay stack up? Oct:46
